

BPA Commercial and Industrial Strategic Energy Management Measurement and Verification Reference Guide Training Webinar

The new BPA Commercial and Industrial Strategic Energy Management Measurement and Verification, or C&I SEM M&V, Reference Guide has been released and is available on the [BPA EE M&V website](#) to support SEM engagements with both Commercial or Industrial sector end-users. This new guide replaces the Energy Smart Industrial Monitoring, Targeting and Reporting (ESI MT&R) Reference Guide (rev. 9). BPA and Facility Energy Solutions are hosting a one-hour virtual training session to help individuals become familiar with using this new guide. The session is scheduled for Thursday, June 2, 2022, from 10 - 11 a.m.
