

Residential Behavioral Home Energy Reports Qualified Programs List

Last Updated: August 9, 2023

Approved Qualified Programs*:

Programs	BPA Behavioral Home Energy Report Specification:
SilverBlaze ACE (A division of Harris Utilities)	The identified program vendors meet minimum requirements to deliver a Behavioral Home Energy Report on behalf of a BPA utility. To meet the standards of the Qualified Programs List, programs must demonstrate that they provide: <ul style="list-style-type: none"> • Seasonal household energy-consumption information. • A normative comparison of household energy consumption to similar households. • Tips and strategies to reduce household energy consumption.
Bidgely	
Franklin Energy	
Opower (A division of Oracle)	
Uplight	

Behavioral Home Energy Reports must be delivered to end-use residential customers on a quarterly cadence, at a minimum. The reports can be paper, digital, or a combination. Note: additional requirements apply, per the [BPA Implementation Manual](#).

**Utilities deciding to implement Behavioral Home Energy Reports for the first time are encouraged to contact a BPA energy efficiency representative, or EER, or BPA program staff for assistance. If there is a program you believe should be added to this list, please contact your EER.*
