

Application Open November 2nd for Fiscal Year 2027 Direct Fund Distribution

The Bonneville Power Administration (BPA) Energy Conservation Program will accept applications for the fiscal year 2027 Direct Fund Distribution (DFD) Program beginning November 2, 2026. The funding opportunity supports cost-effective energy conservation projects across the region, with preference given to small and rural utilities. Applications must be submitted by January 15, 2027.

This year, there are two different applications available. The first, for any BPA customer with an Energy Conservation Agreement (ECA), will prioritize cost-effective energy savings projects. The second application will be for BPA customers with an ECA who receive \$50,000 or less annually in their Energy Efficiency Implementation (EEI) budget.

To support customers with questions and applications, DFD office hours will be available:

- [November 10, 1-3 p.m. \(PDT\)](#)
- [December 16, 1-3 p.m. \(PDT\)](#)
- [January 6, 9-11 a.m. \(PDT\)](#)

A customer webinar will be held November 17 from 9-11 a.m. (PDT)

For application materials, additional guidance, Webinar and office hour WebEx information, please visit the Special Promotion webpage on bpa.gov. Energy conservation account executives (ECAEs) are available to assist with questions.
