Clarification

On March 25, 2020, via email to the agency’s FOIA office, you modified your request to include the redlined PDs, which were created using a Job Code Report from 2018.

Response

As communicated to you via email on March 25, 2020, the agency’s Human Capital Management (HCM) office searched for and found no responsive records regarding the Federal Classification Position List. Knowledgeable HCM personnel report that there is no valid listing of the information as originally requested. DOE does not require the Shared Service Centers to maintain a list, spreadsheet or report of such positions, or the reasoning for markings.

That stated, HCM was able to locate 44 pages of records responsive to your March 25, 2020, modified request, as recapitulated above. Those pages accompany this communication and are being released without redaction. HCM provided a spreadsheet titled, ‘Redlined PDs’ that was created using a Job Code Report from 2018. The Redlined PDs spreadsheet was developed for purposes of tracking PDs that needed additional review, but that project was never completed and the spreadsheet has not been maintained. The spreadsheet is a list of all encumbered positions at the time. Where a PD was lacking percentages, standards, titling discrepancies, etc., the spreadsheet was updated with a “Y” for yes to indicate further review was needed. This spreadsheet was not intended to be a source for redlined PDs. Because BPA is not required to maintain the information, the agency does not currently have the information on which individuals are currently in these types of positions—without reviewing all PDs and positions maintained by BPA.

Lastly, the agency’s PD Library is open to all employees and the information described in your original request language can be acquired via that library.

Fee

There are no FOIA fees applicable to the fulfillment of your request for BPA records.

Certification

Pursuant to 10 C.F.R. § 1004.7(b)(2), I am the individual responsible for the records search, release and related information described above. Your FOIA request BPA-2020-00503-F is now closed with all available agency records provided.

Appeal

The adequacy of the search may be appealed within 90 calendar days from your receipt of this letter pursuant to 10 C.F.R. § 1004.8. Appeals should be addressed to:

Director, Office of Hearings and Appeals
HG-1, L'Enfant Plaza
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase "Freedom of Information Appeal" in the subject line. (The Office of Hearings and Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

You may contact BPA's FOIA Public Liaison, Jason Taylor, at the address on this letter header for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:
