Dear Ms. LeClaire,

The Bonneville Power Administration (BPA) received your request for agency records made under the Freedom of Information Act, 5 U.S.C. § 552 (FOIA) on September 30, 2026, and assigned it tracking number BPA-2026-02640-F. Please use that tracking number in any correspondence with the agency regarding your FOIA request. This communication is the agency's formal acknowledgement and final response to your FOIA request.

Request

You seek, "...the current staff or employee directory that Bonneville Power Administration maintains in electronic form — the organizational roster, locator or personnel listing the agency uses to identify its own staff. For each employee I request the following fields, to the extent the agency maintains them: First Name; Last Name; Work Email Address; Job Title or Position; Office, Bureau, or Division; Duty Station (city and state); and Office Telephone Number. [...] I am requesting the directory as the agency already maintains it. I am not asking the agency to create a new record, and where a field such as work email address is not part of that directory, I do not ask the agency to compile one. ...Under 5 CFR 293.311, an employee's name, present and past position titles, grade, salary, and duty station are available to the public, and Department of Justice Office of Information Policy guidance treats agency staff directories as disclosable records [...]."

Acknowledgement

BPA reviewed your request and determined it fulfills all criteria of a proper request under the FOIA and U.S. Department of Energy (DOE) FOIA regulations at Title 10, Code of Federal Regulations, Part 1004.

Response

BPA's Human Resources Service Center gathered the records you requested. Those records are released in full and accompany this communication.

Fees

There are no fees associated with processing your FOIA request.

Certification

Pursuant to 10 C.F.R. § 1004.7, I am the individual responsible for the records search and release described above. Your FOIA request BPA-2026-02640-F is now closed with all available responsive information provided.

Appeal

Note that the records release certified above is final. Pursuant to 10 C.F.R. § 1004.8, you may appeal the adequacy of the records search, and the completeness of this final records release, within 90 calendar days from the date of this communication. Appeals should be addressed to:

Director, Office of Hearings and Appeals
HG-1, L'Enfant Plaza
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase "Freedom of Information Appeal" in the subject line. (The Office of Hearings and Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside, (2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:

Office of Government Information Services
National Archives and Records Administration
8601 Adelphi Road-OGIS
College Park, Maryland 20740-6001
E-mail: ogis@nara.gov
Phone: 202-741-5770
Toll-free: 1-877-684-6448
Fax: 202-741-5769

Questions about this communication may be directed to FOIA Program Lead Jason Taylor at 503-230-3537 or jetaylor@bpa.gov.

Sincerely,

Candice D. Palen
Freedom of Information/Privacy Act Officer
