

Department of Energy
Bonneville Power Administration
P.O. Box 3621
Portland, Oregon 97208-3621

In reply refer to: BPA-2026-01059-F

February 24, 2026

SENT VIA EMAIL ONLY TO: [REDACTED]

Sidney Jones
525 9th St NW Suite 600
Washington, DC 20004

Dear Sidney,

The Bonneville Power Administration (BPA) received your request for agency records made under the Freedom of Information Act, 5 U.S.C. § 552 (FOIA) on January 26, 2026, and assigned it tracking number BPA-2026-01059-F. Please use that tracking number in any correspondence with the agency regarding your FOIA request. This communication is the agency's formal acknowledgement and response to your FOIA request.

Request

"I request the following information for each employee: first, middle, and last name, title, office name, appointment type (if applicable), pay scale, direct dial number, email address and start date. I request information for employees who are current at the time of processing this request. 2. The most up-to-date organizational chart/structure for the Bonneville Power Administration, including all sub-offices and divisions. Please provide the records in a machine-readable format, such as CSV or Excel."

Acknowledgement

BPA reviewed your request and determined it fulfills all criteria of a proper request under the FOIA and U.S. Department of Energy (DOE) FOIA regulations at Title 10, Code of Federal Regulations, Part 1004.

Response

The agency's most current organizational chart is publicly available on the agency's website at the following link: [Bonneville Power Administration Organizational Chart](#). BPA gathered the remaining responsive records from the agency's Human Resources Service Center. Those records accompany this communication with certain data withheld under 5 U.S.C. § 552(b)(6) (Exemption 6). A more detailed explanation of the applied exemptions follows.

Explanation of Exemptions

The FOIA generally requires the release of all responsive agency records upon request. However, the FOIA permits or requires withholding certain limited information that falls under one or more of nine statutory exemptions (5 U.S.C. §§ 552(b)(1-9)). Further, section (b) of the FOIA, which contains the FOIA's nine statutory exemptions, also directs agencies to publicly release any reasonably segregable, non-exempt information that is contained in those records.

Exemption 6

Exemption 6 serves to protect Personally Identifiable Information contained in agency records when no overriding public interest in the information exists. The "appointment type" data included in the original record contains the hiring authority the appointment was made under, including Schedule A, which allows an agency to non-competitively hire people with disabilities. Including the "appointment type" would consequently identify certain employees with disabilities. Individuals have a privacy interest in this information. The information sheds no light on the executive functions of the agency, and BPA finds no overriding public interest in its release. BPA cannot waive these redactions, as the protections afforded by Exemption 6 belong to individuals and not to the agency. Therefore, that information has been removed from the responsive record.

Fees

There are no fees associated with processing your FOIA request.

Certification

Pursuant to 10 C.F.R. § 1004.7, I am the individual responsible for the records search and release described above. Your FOIA request BPA-2026-01059-F is now closed with all available responsive information provided.

Appeal

Note that the records release certified above is final. Pursuant to 10 C.F.R. § 1004.8, you may appeal the adequacy of the records search, and the completeness of this final records release, within 90 calendar days from the date of this communication. Appeals should be addressed to:

Director, Office of Hearings and Appeals
HG-1, L'Enfant Plaza
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585-1615

The written appeal, including the envelope, must clearly indicate that a FOIA appeal is being made. You may also submit your appeal by e-mail to OHA.filings@hq.doe.gov, including the phrase "Freedom of Information Appeal" in the subject line. (The Office of Hearings and Appeals prefers to receive appeals by email.) The appeal must contain all the elements required by 10 C.F.R. § 1004.8, including a copy of the determination letter. Thereafter, judicial review will be available to you in the Federal District Court either (1) in the district where you reside,

(2) where you have your principal place of business, (3) where DOE's records are situated, or (4) in the District of Columbia.

Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows:

Office of Government Information Services
National Archives and Records Administration
8601 Adelphi Road-OGIS
College Park, Maryland 20740-6001
E-mail: ogis@nara.gov
Phone: 202-741-5770
Toll-free: 1-877-684-6448
Fax: 202-741-5769

Questions about this communication may be directed to FOIA Program Lead Jason Taylor at 503-230-3537 or jetaylor@bpa.gov.

Sincerely,

CANDICE
