In reply refer to: PTF-5

June 1, 2026

To All Bonneville Power Administration Pacific Northwest and Other Customers:

The Bonneville Power Administration (BPA) is projecting that periodically through September 2027 BPA may have surplus power, and capacity available for sale. Actual availability is dependent upon system conditions or changes in BPA load estimates, hydro run-off, and resource performance.

This letter serves as notice of the potential availability of surplus power, and capacity for durations of greater than one day and less than or equal to twelve months. The available quantities for sale will vary during the period and prices will vary depending on market conditions at the time of the sale.

Consistent with the Bonneville Project Act (Public Law 75-329), the Pacific Northwest Electric Power Planning and Conservation Act (Public Law 96-501), and the Act of August 31, 1964, (Public Law 88-552), Pacific Northwest (PNW) customers may request to purchase available amounts of surplus firm power and capacity prior to the sale of such power to out-of-region customers. If surplus power and capacity is available, BPA will meet PNW regional preference customer requests for specific amounts of power at the rates, terms and conditions mutually agreed upon at the time of the sale. Similar terms and conditions may be offered to out-of-region public (preference) customers, if there is no competing request for available surplus power or capacity from a PNW customer. If surplus power or capacity is available and there is no competing request from a PNW customer or out-of-region public customer, BPA may also meet requests for power and capacity from out-of-region non-preference customer. This letter supersedes any prior notice of surplus power or capacity previously provided by BPA.

Please contact your BPA Account Executive or the BPA Trading Floor at BPAMarketing@bpa.gov or by calling 503-230-4111 for the latest information on the availability of surplus power or capacity through September 2027.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nita Zimmerman".
