Date: Friday, April 14, 2023 8:40:53 AM

Good Morning Celeste,

Just wanted to take a moment to say thank you to you and all the Bonneville staff who took the time to come to the Burley area for the Provider of Choice Workshop on April 11th. Riverside and other small utilities I have spoken with want to reiterate how important the proposed Small Utility Adjustment to 5 aMWs is to us. Without this our small utilities just do not have the resources or the volume to absorb the costs associated with Tier 2 and would bring development in our area to a minimum. If I can be of further assistance on this, please do not hesitate to contact me. Thanks again.

Thank You,
