

Upcoming Focus 2028 Engagements

After a productive kick off meeting on Feb 11, and a follow up meeting on Feb. 29 BPA will be hosting a series of listening sessions to dive deeper into energy efficiency issues.

Next Steps

Depending on demand, BPA may host an additional wrap up meeting in Portland to convey what we heard in our listening sessions and allow one more opportunity to provide input.

At the conclusion of these meetings BPA will take the input we have received and author a proposal. This proposal will be put out for public comment before it is finalized.
