

## Brownbag: What's Next - How Can BPA Support Utility Weatherization Programs after October 2015?

**When:** Thurs., July 9, 2015

**Time:** 12:00 – 1:00 p.m. PST

### **Presentation and Discussion:**

Join BPA's Residential program team for a collective brainstorming session to share experiences and ideas for how BPA can continue to support utility weatherization programs in the future.

As a result of the RTF's re-calibration of the SEEM modeling tool, weatherization measures – both savings and payments – will be significantly reduced on October 1st, 2015. Several customers have contacted BPA program staff to provide input and suggestions on how to manage through this change, but we would like to hear from more of our customers. During this brainstorming session, we hope to hear your feedback and ideas concerning:

- How BPA can help utilities recruit homeowners and encourage them to weatherize their homes after these measure changes occur.
- Alternative ways to find and document higher savings.
