**HPWH Uptake Increases 300% from FY12 to FY13 -**

As of March 10, 2014, BPA utilities have submitted 1,299 heat pump water heater measures for reimbursement. Uptake increased by 300% from FY12 to FY13! Make sure you are submitting your forms to [eedocs@bpa.gov](mailto:eedocs@bpa.gov) so we can keep tracking the performance information we need to take this measure out of provisional status.

Check out these [Spring 2014 promotions](#) to help take us even further this year!
