

# BPA Energy Efficiency Weekly Announcements, May 21, 2015

## Events

### **Brown Bag: Proposal to Simplify the UES Measure List -**

BPA is working to simplify our UES measure list to improve its usability for our customers. Before we make any changes to this important tool we are seeking customer input to ensure we do not change or remove information that is necessary for customer operations, or otherwise cause unintended difficulties for customers who use this document to support their own internal systems.

To kick-off this process we will have a webinar on Wednesday, May 27 from 12:00 - 1:00 pm to discuss the changes we are considering. Following that webinar we will be providing a detailed list of proposed changes for customer input...[More](#)

### **Brown Bag: Come Learn About the Most Recent Federal Appliance Standards Analysis -**

Join us June 2 from 12:00 - 1:00 pm to learn about the final results from the most recent round of federal appliance standards analysis. Appliance standards will save enough energy over the next twenty years to power over a million homes in the Northwest. You will learn the results from our analysis, how we quantified the savings, the review process for the models and how standards are impacting utility energy efficiency programs...[More](#)

The final reports and models will be published soon at [www.bpa.gov/goto/MomentumSavings](http://www.bpa.gov/goto/MomentumSavings)

### **Brown Bag: Commercial Utility Preference Assessment Survey Results -**

Please join the Energy Efficiency Commercial team on June 4 from 12:00 - 1:00 pm as we review results from the Commercial Utility Preference Assessments. More than 40 utilities submitted information about their wants, needs and preferences from the BPA commercial program. John Wilson will present the results and discusses the diverse needs of our utilities...[More](#)

## General

### **Draft Momentum Savings Allocation Percentages for review through June 30, 2015 -**

BPA has posted draft Momentum Savings allocation percentages for review. BPA developed the draft momentum savings allocation methods in close collaboration with the public utilities. We welcome all comments and feedback on this draft method received by June 30, 2015. BPA will review comments and issue a revised method by the end of July (although more time may be necessary if the comments we receive are substantial). Please find it on the BPA Momentum

---

Savings webpage: [www.bpa.gov/goto/MomentumSavings](http://www.bpa.gov/goto/MomentumSavings). Upon review, please send comments to your EER or to Bonnie Watson at [bfwatson@bpa.gov](mailto:bfwatson@bpa.gov).

## Reminders

### **Oversight of Fiscal Year 2014 Activity -**

We appreciate your partnership in acquiring EE savings. As a part of that partnership BPA conducts oversight to make sure the program is working smoothly, and that the savings we achieve as a region provide a reliable resource. In the coming weeks BPA will begin conducting oversight on FY 2014 savings. Last year BPA piloted a new approach with a small a group of customers. This year we will build upon that foundation with improvements based on the input we received. We appreciate your help with this process... [More](#)

### **Addendum To Implementation Manual Published -**

On May 11, 2015 BPA published an addendum to the April 1, 2015 Implementation Manual. This addendum incorporates the following changes...[More](#)
