

BPA Energy Efficiency Weekly Announcements, June 18, 2015

Events

Brown Bag: Introduction to the New BPA Energy Efficiency Marketing Portal -

Please join us June 30, 2015 for an introduction to the new BPA Energy Efficiency Marketing Portal.

BPA's Energy Efficiency's Marketing Portal will allow our utility customers and their partners to customize efficiency marketing materials with their own logo, contact information, copy, and imagery and download a print ready file for use in their own territories...[More](#)

E3T Showcase: Commercial Lighting - The 10 Year Outlook -

Please join the Washington State University Energy Program on Wednesday, June 24, 2015 at 12:00 PM Pacific Time for a webinar titled "Commercial Lighting: The 10 Year Outlook" as part of the "Emerging Technologies Showcase" series.

Over the next ten years, networked LED lights will support many new functions beyond lighting, just as smartphones now support many new functions beyond phone calls. This webinar will explore a few glimpses of what's coming, and discuss what this means for utility energy efficiency programs.

Register now at <https://attendee.gotowebinar.com/register/2620466429310137090>.

Program Updates

End of Rate Period Deadlines and 6 Month Wind Down Process for the Energy Smart Grocer Program -

BPA and CLEAResult have concluded negotiations on a six-month extension to deliver Energy Smart Grocer program services through March 31, 2016. This sixth month extension will allow us to glide to the end of the ESG program rather than subjecting customers to a sudden stop. The end of rate period deadlines for this program and the process to participate in the 6 month wind down period can be found [here](#).

Participate in the Residential Building Stock Assessment Study – Act Now!

Work has begun by NEEA to launch the next Residential Building Stock Assessment (RBSA) study. The process for selection of a contractor is underway with selection of the winning contractor anticipated by August. NEEA is soliciting stakeholders with an interest in participating on working groups to incorporate stakeholder feedback/input into final study protocols. There are three to choose from...[More](#)

NW Ductless Heat Pump Project and Smart Water Heat Quarterly Update -

NW Ductless Heat Pump Project and Smart Water Heat collaborated on the delivery of a quarterly update webinar to utility partners on May 27, 2015. Each presentation was followed by a Q & A session. Questions and answers, as well as the presentation slides, are available here <https://conduitnw.org/Pages/Article.aspx?rid=755>

Reminders

Regional Programs Cost Benefit Analysis -

To support our customers in their efforts to acquire energy efficiency BPA offers regional programs that provide economies of scale, ease of implementation, and customer convenience. As part of the post 2011 review process customers asked BPA to be more transparent in the cost and benefit of our regional programs. To do so we have compiled an [overview of our regional programs](#) and detailed description inclusive of any customer incentives and contract costs for [Energy Smart Industrial](#), [EnergySmart Grocer](#), and [Simple Steps Smart Savings](#).

If you have questions about this information please contact your EER.

End of Rate Period Deadlines -

As the 2014-2015 rate period comes to a close, BPA would like to ensure our customers have the information necessary to plan for their close-out processes. This document outlines the major milestones between now and the end of FY15 and provides context around those dates...[More](#)

Draft Momentum Savings Allocation Percentages for review EXTENDED through July 30, 2015 -

BPA has posted draft Momentum Savings allocation percentages for review. BPA developed the draft momentum savings allocation methods in close collaboration with the public utilities. We welcome all comments and feedback on this draft method received by July 30, 2015. BPA will review comments and issue a revised method by the end of August (although more time may be necessary if the comments we receive are substantial). Please find it on the BPA Momentum Savings webpage: www.bpa.gov/goto/MomentumSavings. Upon review, please send comments to your EER or to Bonnie Watson at bfwatson@bpa.gov.
