Save the Date: BPA Utility Round Tables -

The recent Efficiency Exchange offered an excellent opportunity to interact in person, but smaller regional gatherings provide a unique chance to discuss more localized issues. To help bolster this effort BPA is organizing a series of regional utility round tables to be conducted in the later summer and early fall in six different Northwest regions. Each meeting will feature informative presentations and provide an open forum for discussions on program development...[More](#)

Program Updates

Feedback Requested for Updated Regional DHP and HPWH Websites -

Updated regional ductless heat pump and heat pump water heater websites will launch August 19 with increased utility integration options, allowing customers to be redirected to utility websites and/or feature more of utility program offerings. The staged sites can be viewed at: <http://staging.hpwh.rockitscienceagency.com> and <http://staging.dhp.rockitscienceagency.com>. NEEA is looking for feedback on the websites and how each utility wants to be integrated or have their information represented by August 10. Use this [survey link](#) to provide your feedback and see [attached flyer](#) or contact [Becca Yates](#) at NEEA for more information.

General

Unassigned Account Allocations -

Reminders

Draft Implementation Manual - Out for Public Comment Through August 14 -

BPA invites customers and stakeholder review of the draft language of the 2015 Energy Efficiency Implementation Manual now through August 14. All comments should be submitted via [bpa.gov](#). [More](#)

Changes to UES Measure List Format -

Recently BPA conducted a survey on proposed changes to the UES measure list format. We are pleased to announce that we will be eliminating 25 columns of data from the UES Measure List effective October 1, 2015. Background on this process and links to the list of columns that have been removed and a template of the UES Measure List that will take effect on October 1 can be found [here](#).

Draft Non-Residential Lighting Models for Review -

The non-residential lighting model is now available for review and comment before we finalize our analysis. Extensive review and critical feedback improves the analysis and we deeply appreciate feedback on this work. Please send all comments and feedback to Bonnie Watson, bfwatson@bpa.gov by August 7, 2015.
