Brown Bag: Clark Public Utilities Home Energy Reports Program: What Have We Learned?

After more than two years of experience with the Home Energy Report behavior-based energy efficiency program, Clark has lessons learned and real savings to share with the region and Navigant will share the findings from the recent evaluation during this webinar, October 15 from 12:00-1:00 pm...[More](#)

Brown Bag: Commercial Measure Review Part One -

Please join us on October 21 from 12:00 - 1:00 pm for a Brown Bag on Commercial Measure Review with Utilities: part 1 of a 2 part series. In this first presentation, we will review new UES Measures, new Project Information Forms and Qualified Products Lists...[More](#)

Focus 2028 Meeting November 4, 2015 -

BPA is hosting a forum for regional leaders to establish a common understanding of the types of strategic choices BPA faces to maintain its financial strength. Key issues will include Bonneville's approach to capital investment in the hydropower and transmission systems, its internal operating costs and program delivery models, including energy efficiency. This forum, BPA Focus 2028, will precede the standard Capital Investment Review and Integrated Program Review processes, when funding levels for the rate case of fiscal years 2018-2019 will be studied and discussed. The meeting will be held at the Airport Sheraton in Portland from 1:30 - 5:30 on November 4th... [More](#)

Low Income Energy Efficiency Workgroup Save the Date -

The next meeting is scheduled for November 5 in Portland. To add it to your calendar, click [here](#).

Program Updates

Heat Pump Water Heater Forms are no Longer Required Upon Invoice -

In the recently published Oct. 1 Implementation Manual BPA removed the requirement that a Heat Pump Water Heater form be submitted to BPA when this measure is included in an invoice. This change was inadvertently left out of the changes summary, and will be added along with a number of other small corrections in the near future. We apologize for any confusion.

Reminder: EnergySmart Grocer 6-month Close-out Period Sign-up Deadline Approaching -

The October 31 deadline for signing up for the ESG six month extension is quickly approaching. This brief extension will deliver ESG program services through March 31, allowing an easy transition out of the program rather than subjecting customers to a sudden stop. This extension period is geared towards concluding projects already in the pipeline that show "bids accepted" by October 31, 2015. To sign up for the close-out extension, fill out this [form](#).

If you have any questions, please contact your EER or the ESG program at energysmartonline@CLEAResult.com.

Reminders

Correction: Start of Rate Period Budget Calculation Methodology -

In a recent communication about using final proposal TOCAs to establish EEI budgets we mentioned that this was the method used for the Residential Exchange Program Payment. We should have said Residential Exchange Program Refund Amount. We are sorry for any confusion.

Feedback on the Momentum Savings Allocation Method -

BPA requested feedback on the allocation method for Momentum Savings. We received four comments, and have also posted a plan to address these comments. The comments and the BPA response are available at: www.bpa.gov/goto/MomentumSavings
