

BPA Energy Efficiency Weekly Announcement, January 28, 2016

Events

Momentum Savings Workshop SAVE THE DATE of February 18th -

BPA is holding a Momentum Savings workshop and everyone who's interested in this topic is invited to join. Please save the date of February 18, 2016 between 9:00 AM- 4:00 PM at the Northwest Power and Conservation Council office in downtown Portland. Attendees can expect the following by the end of that day:

- To understand what Momentum Savings are and how we analyze them
- To provide input and discussion on opportunities, risks and concerns associated with Momentum Savings
- And to have fun!

As the meeting approaches, we will post more information in the BPA Weekly EE announcements as well as on the Momentum Savings webpage: www.bpa.gov/goto/MomentumSavings. Please send your RSVP to Carrie Cobb at ccobb@bpa.gov.

Program Updates

LED Gas Station Canopy Promotion Ending Soon -

The BPA Lighting Team wanted to provide a friendly reminder to join the 42 utilities who are already participating in the LED Gas Station Canopy promotion. Time is quickly running out! This promotion officially ends on March 31, 2016, and once it's gone....it's gone for good.

The main terms and conditions are listed [here](#). If you have any questions, or if you haven't gotten started with the promotion yet and want to participate, please send a blank copy of your lighting calculator template to lighting@bpa.gov.

Limited Time Offer

- This promotion runs April 1, 2015 to March 31, 2016.
- Completed promotional calculators must be submitted to IS 2.0 for invoicing by 3/31/16 to be eligible for promotional incentives.

General

Customer Portal Outage Scheduled for February 12th-19th

As first announced in the December 18th EE Weekly Announcements, the Customer Portal and IS2.0 will be receiving some much anticipated enhancements and maintenance upgrades. In order to facilitate the transition from a physical to a virtual hosting environment, the Customer Portal (and by default IS2.0) will be shut down for up to a week starting at noon on Friday February 12th and continuing no later than close of business Friday February 19th. During this time customers will not be able to submit EE invoices through the Customer Portal. Thank you in advance for your patience. If you have any questions, please contact your Energy Efficiency Representative (EER).

Reminders

Draft Methodology Technical Reports for Estimating Momentum Savings are Available for Review -

BPA has recently completed two reports on the framework for estimating momentum savings and methods to avoid overlap in Momentum Savings analysis. These documents are living documents and form the theoretical framework for momentum savings analysis.

Please review our [Methodologies for calculating Momentum Savings Report](#), [Avoiding Overlap In Momentum Savings Analysis Report](#) and [Infographic](#) and provide any technical feedback on the reports to Carrie Cobb at clcobb@bpa.gov by January 30th. All files can also be found here: www.bpa.gov/goto/MomentumSavings
