

BPA Energy Efficiency Weekly Announcement, June 9, 2016

Events

Brown Bag: Commercial Sector Program Design - (The content of this Brown Bag will be the same information that was discussed on the Brown Bag held on May 18)

Join us on June 22 from 12:00 p.m. - 1:30 p.m. The presentation will be one hour and we are allowing an additional 30 minutes to answer questions. Over the past 12 months, BPA has been working with utility customers, regional stakeholders, and industry partners to assess utility needs and develop our next generation commercial sector energy efficiency program offering. In this brown bag, we evolve from program concept to an operational program design. We will provide a summary of the proposed program design, including timing and scope, implementation delivery methods, costs, and energy savings delivered...[More](#)

E3T Showcase Webinar - Proving NEST Savings -

Please join the Washington State University Energy Program on Thursday, June 30, 2016 at 12:00 PM Pacific Time for the webinar "Proving NEST Savings" as part of Bonneville Power Administration's Emerging Technologies Showcase series.

Reminders

BPA shares HVAC industry research collected during AHR Expo -

BPA attended the recent AHR Expo in order to gather information on emerging technologies, trends, and supply chain issues in the Heating, Ventilation, and Air Conditioning (HVAC) industry. We're happy to share our key findings from the interviews and conversations we had at the event. [Click here to read the entire memo.](#)
