

BPA Energy Efficiency Weekly Announcement, September 29, 2016

Events

Low Income Energy Efficiency Workgroup October 6 -

Please join us for the next meeting of this regional workgroup to discuss and find ways to remove barriers to implementing low income energy efficiency. Participants can attend in person (Portland) or by telephone. The draft agenda is [here](#).

Monthly Momentum Savings call at our new time and date-

Please join us for a monthly Momentum Savings update now on the first Wednesday of every month from 9:00 - 10:00 A.M.

Call participants will learn important updates on BPA's progress on all things Momentum Savings. The calls will also provide a platform for participants to share ideas and provide feedback on call topics...[More](#)

Save the Date: BPA Utility Round Tables -

The recent Efficiency Exchange offered an excellent opportunity to interact in person, but smaller regional gatherings provide a unique chance to discuss more localized issues. To help bolster this effort BPA is organizing a series of regional utility round tables to be conducted in the later summer and early fall in five different Northwest regions. Each meeting will feature informative presentations and provide an open forum for discussions on program development.

Specific agendas and schedules for these round tables are still being finalized: you can expect more details to follow. If you have questions about these meetings or suggestions for content, please contact your Energy Efficiency Representative (EER)....[More](#)

Efficiency Exchange 2017: Call for Ideas! Deadline is October 31 -

It's that time again - we're planning Efficiency Exchange 2017, and we want to hear from you!

Efficiency Exchange (EFX) is the Northwest's premier energy efficiency networking and learning conference. Attendees from public and private utilities, consulting and research

firms, nonprofit organizations and government will come together to learn and connect. The Efficiency Exchange conference is coming to the Oregon Convention Center in Portland, OR. "Energy Efficiency in a Changing Environment" has been selected as the 2017 conference theme.

Energy efficiency professionals from diverse organizations are invited to [submit topics](#) for breakout sessions, as well as ideas for speakers and topics for opening/closing sessions for the 2017 event. Deadline for submission is Oct. 31, 2016.

Program Updates

Utility Guide for PTCS ASHP Invoicing -

In order to assist utilities with accurately invoicing PTCS Air Source Heat Pumps, the Residential HVAC program is providing a Utility Guide for PTCS ASHP Invoicing....[More](#)

October 2016 Implementation Manual Ductless Heat Pump Clarification -

After the recently released Implementation Manual Draft and subsequent Brown Bag, the Residential team received several requests to clarify a statement that had been added to the Residential Ductless Heat Pumps section....[More](#)

General

UES Measure List 5.0 is Now Final -

BPA has finalized Version 5.0 of our UES Measure list, and it has been published on the BPA.gov [website](#). We'd like to thank everyone who reviewed this important document and provided us feedback; your support and input was extremely valuable. If you have any questions please contact your EER.

Reminders

Conduit ED will feature Momentum Savings in a few short weeks -

As kids head back to school, they're not the only ones who get to keep learning. With the latest Conduit ED series launching later this month, you can sign up to learn more about Momentum Savings. In case you don't know, Momentum Savings measure the change in efficiency occurring in the market over time. They encompass all energy savings above the Council plan baseline but not purchased by utilities' energy efficiency programs or NEEA investment....[More](#)

Opportunity to Serve on the Utility Sounding Board -

BPA is excited to announce that beginning in January we will have three open seats on the Utility Sounding Board, and we are seeking nominees to fill these positions....[More](#)
