

## BPA Energy Efficiency Weekly Announcement, November 17, 2016

Note: BPA Energy Efficiency will not be distributing Announcements on Thursday, November 24 due to the Thanksgiving holiday. If there is communication that is necessary to send out you will be contacted directly by your Energy Efficiency Representative (EER).

### Events

---

#### **Brown Bag: BPA HVAC Incentives Another Look Under the Hood -**

Join Michelle Lichtenfels, BPA Commercial Sector, and Antonija Krizanac with Air Northwest on November 17 for an HVAC-focused brownbag. “BPA HVAC Incentives: Another Look Under the Hood” will briefly cover HVAC measures, their key Implementation Manual requirements, and focus on discussing questions from utilities received to-date about these measures. The brownbag will introduce new Commercial Emerging Tech funding opportunities, and provide a preview of Air Northwest activities in the upcoming year...[More](#)

---

#### **Agricultural Programs Market Research Presentations Part 1 and Part 2 -**

Please join us on Tuesday, Nov. 29 and Tuesday, Dec. 13 from 10-11:30 a.m. as we present the research findings on the top opportunities for irrigation efficiency...[More](#)

---

#### **Brown Bag: Residential HVAC PTCS Program Updates -**

Please join the Residential HVAC team on Thursday, Dec. 1 from 12:00 - 1:00 p.m. for a brownbag presentation about the results of PTCS program improvement outreach and discussion about proposed program updates...[More](#)

**Conduit ED wraps up the Market Research and Momentum Savings series -**

Congratulations, you've made it through the Conduit ED series on Momentum Savings! We've learned [What the #@%& are Momentum Savings](#), [how Air Source Heat Pumps do it all](#), [explored the exciting world of Residential Lighting](#), [how Appliance Standards are helping to push efficiency to new limits](#), the [Glorious Descent of Non-residential Lighting Energy Use](#) and how [Momentum Savings. They're Bona Fide](#). [In the final, wrap up article, watch our new video that explains the importance of the Market Research and Momentum Savings to our region](#). And please take our poll (in the article) to let us know how we did. We hope that you have learned more about market research and momentum savings and how the entire region gain more energy efficiency with them. Thank you for your participation!

---

**Brown Bag: Heat Pump Water Heaters - Market Landscape Post - GE Announcement -**

Please join NEEA on Thursday, Dec. 8 from 12:00 - 1:00 p.m. for an update on the heat pump water heater market landscape post-GE announcement. Jill Reynolds, NEEA HPWH program manager, and Eugene Rosolie, NEEA Stakeholders Relations Manager, will be presenting. To join the meeting: <http://neea.adobeconnect.com/r5z826e0rmo/>

Reminders

**New Residential Advanced Power Strips Survey Analysis -**

The BPA Residential Programs team engaged with Navigant to analyze survey responses for Advanced Power Strips (APS) received to date. This preliminary evaluation was undertaken to help inform program and evaluation planning on APS measures. The findings are available to review on the Residential Evaluation [webpage](#).

---

**Distributed Energy Resources Benchmarking Report Available Now -**

BPA is proud to share this valuable [report](#) with the region. The report covers snapshots of 11 entities that staff met with during 2015 and 2016 to better understand how they use DER programs within their service territories.

---

**Draft EE Action Plan Overview + Public comment period through Nov. 18-**

In February 2016, the Northwest Power and Conservation Council released the Seventh Power Plan. This plan identifies the energy efficiency savings potential in the Northwest and establishes a regional savings goal. BPA has committed to achieving a share of the goal established in the Power Plan and developed the EE Action Plan to define our strategy for doing so. The Action Plan forecasts how public power will achieve the savings goals through a variety of EE programs and other channels like market transformation and Momentum Savings as well as identifying the budget required to do so.

The draft Action Plan is now available for public review and comment, extended through November 18. [Please click here to provide us with your feedback.](#)
