

Columns to be Removed from the UES Measure List

Recently BPA conducted a survey on proposed changes to the UES Measure List format. As a result of the input we received, BPA will eliminate 25 columns of data from the UES Measure List effective October 1, 2015.

A full list of the columns to be removed is below. A template which provides the format for the UES Measure List that will take effect on October 1, 2015 can be found [here](#). Please contact your EER if you need further information to update your own internal systems.
