

Small
Business
BIG
SAVINGS

For a limited time, BPA is offering increased lighting incentives to qualifying small businesses of up to 20,000 square feet! Act now to take advantage of this offer!

Limited Time Offer Available Only Through Participating Utilities

- This promotion runs April 1, 2016 to March 31, 2017.
- Qualifying projects must be submitted to IS 2.0 for invoicing by 3/31/17 to be eligible for promotional incentives.

Terms and Conditions

- Only businesses of up to 20,000 interior square feet are eligible.
- Projects cannot be separated into multiple levels, floors, or phases in order to meet the square footage requirement.
- Exterior locations directly associated with qualifying small businesses are also eligible for promotional incentives regardless of square footage.
- Project will be paid as a calculated incentive of \$0.23 per kWh saved.
- Promotional projects cannot mix and match deemed and calculated incentives.
- Batch lighting projects are not eligible.
- Customized lighting calculators may only be used for qualifying small business promotional projects.
- Incentives are subject to change and are only available through consenting utilities while funds last.

How To Get Started!

- Utilities should submit lighting calculators to lighting@bpa.gov for customization.
- Trade Allies must contact local utilities to confirm their participation in the promotion.
