

BRILLIANT!

For a Limited Time
Get \$350 per Qualifying LED Fixture

Save Money

Reduce Maintenance

Improve Appearance

Save Energy

Don't Miss This Opportunity!

BPA is Converting the Pacific Northwest to Energy Efficient LED Lighting. Don't get left behind!

For a limited time, BPA is offering increased incentives of **\$350 per qualifying LED fixture** when replacing existing 320w or 400w HID gas station canopy lighting. That's up to a **40% incentive increase!**

LED canopy lighting provides a brighter, safer environment, reduced maintenance costs and a competitive advantage over poorly lit gas stations.

This is a limited time offer! Contact your local utility for full terms and conditions and to confirm their participation in this promotion.
