18 **SUPPLEMENT TO RESPONSE TO MOTION**

19
20 The following supplement appends my original Response to Motion filed
21 earlier today, November 20, 2012.
22

23 In its motion dated November 19th, 2012 to deny my Petition to Intervene,
24 BPA cites a 1987 fact-specific order to erroneously claim a rule that individual
25 ratepayers may not intervene in a rate case. As of today, no such rule exists.
26 The only measure for intervention is whether there is sufficient interest
27 demonstrated by a party petitioning for intervention. I have clearly demonstrated
28 such interest in my original Response to Motion.
29

1 Furthermore, BPA's contention that I should be restricted to Participant
2 Status would not allow me to do anything more than comment on the issues,
3 without allowing me access to the documents, meetings, and other proceedings
4 necessary to make those comments appropriate. Participant Status is
5 inadequate for an entity demonstrating sufficient interest in the outcome of the
6 rate case.

7

8 THEREFORE, TOGETHER WITH THE ORIGINAL RESPONSE TO
9 MOTION FILED WITH BPA STAFF EARLIER TODAY, David Galle requests the
10 Hearing Officer to grant him full party status in this rate case.

11

12 Dated this 20th day of November, 2012.
