Pursuant to the notice posted in the Federal Register on November 8, 2012, regarding the Bonneville Power Administration’s (“BPA”) Fiscal Year 2014-2015 Proposed Power and Transmission Rate Adjustments, Public hearing and Opportunities for review and Comment, 77 Fed. Reg. 66966 (2012), and section 1010.4 of the Rules of Procedure Governing Bonneville Power Administration Rate Hearings, 51 Fed. Reg. 7611 (1986), Iberdrola Renewables, LLC, (“Iberdrola Renewables”) hereby files this Petition to Intervene as a party in this proceeding.

**I. PETITION TO INTERVENE**

Iberdrola Renewables is a non-transmission owning public utility engaged, directly and through its subsidiaries and affiliates, in the development of wind and thermal energy facilities, natural gas and electric marketing, gas storage and hub services, and in providing other energy services. Iberdrola Renewables, with its affiliates and subsidiaries, is the second largest developer and operator of wind energy projects in the United States, with more than 5,000 MW of operating wind energy generating capacity. Several of these projects are located in the Pacific Northwest within the BPA balancing authority area. In addition, Iberdrola Renewables has plans to develop additional wind energy facilities in the Pacific

Northwest.

The rates that Iberdrola Renewables will eventually pay to BPA for power transmission, ancillary services and control area services are the subject of the above-referenced proceeding. As a result, Iberdrola Renewables has an interest in the outcome of this proceeding that cannot be adequately represented by any other party. Accordingly, Iberdrola Renewables respectfully requests that it be allowed to intervene as a party in the above-captioned proceedings.
