Interest of Intervenor:

M-S-R is a Public Power Agency comprised of the City of Santa Clara, the City of Redding, and Modesto Irrigation District, all municipal utilities in Northern California. The members of M-S-R purchase in excess of 350 MW of wind resources from one or more entities in the Pacific Northwest, all of which are in the BPA balancing authority. M-S-R has been a party to the past several rate cases in order to protect its interests and the interests of other wholesale purchasers. As such, M-S-R has a direct interest in the costs, terms, and conditions associated with wind integration, generation inputs, and ancillary services, among other aspects of BPA rates, and, as such is entitled to intervene as a matter of right.

THEREFORE, M-S-R requests the Hearing Officer to grant M-S-R intervention as a full party participant to these proceedings.
