July 21, 2009

In reply refer to: PFE-6

To the FY 2010-2011 ASC Review Process Parties and Intervenors:

On October 15, 2008, the Bonneville Power Administration (BPA) initiated the FY 2010-2011 Average System Cost (ASC) Review Processes to determine the Average System Costs (ASCs) for utilities intending to participate in the Residential Exchange Program for the FY 2010-2011 Exchange Period (October 1, 2009-September 30, 2011).

Pursuant to the 2008 Average System Cost Methodology (ASCM), BPA is now publishing the Final FY 2010-2011 ASC Reports. These reports contain analyses and decisions on issues raised in the Review Processes, as well as the final ASC determinations. The Final FY 2010-2011 ASC Reports are available on BPA's website at <http://www.bpa.gov/corporate/finance/ascm/fy10-11-asc-final-reports.cfm>.

If you have any questions regarding a particular report, please feel free to contact the utility's ASC analyst or myself at 503.230.3555.

Sincerely,

/s/ Tina G. Ko

Manager, Residential Exchange Program
