

**HYDRO  
POWER  
FLOWS HERE**

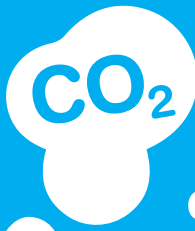

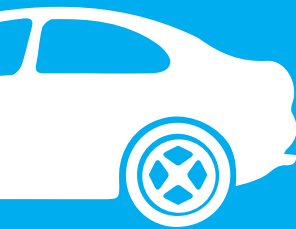

**Fueling the  
Northwest  
economy with  
clean and  
reliable power.**

[www.bpa.gov/HydroFlowsHere](http://www.bpa.gov/HydroFlowsHere)

The Columbia River Basin produces **more hydropower than any other region** in North America.

Thanks to the irrigation benefits of hydropower, the NW has nearly **8 million more acres** of farmland.

The region's hydropower offsets emissions **equivalent to 10 million cars.**

The NW can generate enough hydroelectricity **to power 14 Seattle-sized cities.**
