

I-5 Corridor Reinforcement Project

December 2012

Public meeting reminder

BPA will host six public meetings to share information and accept comments on the I-5 Corridor Reinforcement Project draft Environmental Impact Statement. These public meetings serve two purposes. There will be an open house format, with handouts, display boards and opportunities for you to ask questions of the staff. We will take verbal comments, which will be transcribed and included as formal comments on the draft EIS. BPA will respond to all comments in the final EIS, expected in 2014, not at the public meetings.

For further information, call 800-230-6593. The online interactive map now shows the preferred alternative more clearly.

You can take a look at www.bpa.gov/goto/i5.

In the event of bad weather, call our automated message line at 800-230-6593 to find out if a meeting is canceled.

Jan. 10 Camas	Liberty Middle School Cafeteria 1612 Northeast Garfield Street, Camas WA 98607	Open house: 5 – 9 p.m. Verbal comments: 6 - 7:30 p.m.
