

Mary Jensen
Executive Vice President
General Counsel
Bonneville Power Administration

Mary Jensen was named BPA executive vice president and General Counsel in March 2015. She took over after filling the role in an acting capacity since March 2014. Jensen leads an office of 60 attorneys and support staff who address BPA's legal needs including power, transmission, environmental and general law issues.

While serving as acting general counsel, Jensen guided BPA's Office of General Counsel through a major reorganization, instituted a new office policy on legal advice, and collaborated with the Department of Energy general counsel in creating national guidelines for power marketing administrations in states where marijuana sales are lawful under state statutes. She also instituted new processes that enable faster response times to requests made under the Freedom of Information Act.

Jensen has specialized in legal issues involving the provision of transmission service at Bonneville and was promoted to manage that legal section in 2008. Before joining BPA in 2002, she worked at the U.S. Office of the Solicitor in Phoenix, Ariz., advising the Bureau of Indian Affairs regarding operations of its federally-owned electric utilities that provide service in Arizona.

Preceding her federal service, she worked as a prosecutor in Tucson, Ariz., handling felony cases including vehicular offenses, elder abuse and homicide. Jensen is a graduate of the University Of Arizona College Of Law. Her son is a third-generation journeyman lineman, who lives in Missouri with his wife and their five children.

The Office of General Counsel provides legal expertise that supports BPA programs through legal advice and representation, including but not limited to the general areas of transmission, natural resources, power, lands, federal resources and treaties, generation and finance, personnel, and ratemaking.

Irene Scruggs
Staff Counsel
Public Power Council

Irene joined the Public Power Council as Staff Counsel in May of 2011. In her role, Irene represents the interests of PPC's member utilities in various administrative, regulatory, and judicial proceedings, and advises the Executive Director and PPC staff on policy issues.

Prior to joining PPC, Irene was in private practice with a large firm in Portland, where she focused on commercial and business litigation. She guided her clients through resolution of complex cases, either through litigation or otherwise. Irene is experienced in all litigation arenas, including trials, mediations and arbitrations, and appeared frequently in state and federal trial and appellate courts on behalf of her clients. In addition, Irene worked closely with her clients outside the courtroom, monitoring legislation, educating them on new laws, and advising them on emerging opportunities and risks. She has been selected twice as a Rising Star in the area of litigation by the *Oregon Super Lawyers*.

Irene graduated *magna cum laude* from Gonzaga University in 2003 with a Bachelor of Arts in Political Science, and from Lewis & Clark Law School in 2006 as a Juris Doctor. She is a member of the Oregon and Washington State Bars.

Javier Fernandez, Bonneville Power Administration

Javier Fernandez is the Treasury Manager for the Bonneville Power Administration (BPA). He directs financial planning and investment of funds for BPA and exercises authority for receipt, disbursement, banking, custody of funds, and financial instruments. His duties also include processing receipts, disbursements and payroll; provide cash, reserves and liquidity management; debt management and oversee investor, rating agency and U.S. Treasury relations. Prior to employment at BPA he served for 3 years as Senior Vice President with D.A. Davidson & Company and 7 years with Seattle-Northwest Securities performing public finance investment banking and financial advisory services to municipal jurisdictions primarily in Oregon. He received a Master's in business Administration from Yale University and an Economics degree from the ITAM in Mexico City.

Stephanie Konesky, Bonneville Power Administration

Ms. Konesky graduated from Lewis & Clark Law School in 2005 and has worked in the BPA Office of General Counsel since that time. Her primary area of practice relates to BPA's financial operations. Prior to pursuing a JD, Ms. Konesky earned a Bachelor of Science in Accounting from Montana State University (in 1994) and Master of Science in Taxation from Portland State University (in 1999). She is also licensed as a Certified Public Accountant and worked at PricewaterhouseCoopers in the Tax & Legal Services group from 1998-2001 before coming on board at BPA in the Asset Accounting group (in 2001).

Robb Roberts, Bonneville Power Administration

Mr. Roberts graduated from Oregon Law School in 1985 and has worked in the BPA Office of General Counsel since that time. His primary area of practice relates to BPA's financial operations.

Scott Schickli

Of Counsel
Tax

Portland

(503) 943-4830
sschickli@orrick.com

Profile

Scott Schickli, of counsel in the Pacific Northwest office, is a member of the Tax Group in Portland, Oregon. Scott's practice focuses on federal income tax law of public finance, low income housing, exempt organizations and general business transactions.

Mr. Schickli has more than 22 years of public finance tax law experience. He has represented every type of entity permitted to borrow funds on a tax-exempt basis, ranging from governmental entities and non-profit hospitals, retirement communities and universities to for-profit developers of solid waste disposal and recycling facilities, low income housing, electrical generation projects and small scale manufacturing facilities. He has also assisted public finance clients involved in Internal Revenue Service audits of closed transactions.

Scott also assists various types of organizations in seeking or retaining non-profit or governmental tax-exempt status. He represents developers of low income housing in tax credit projects, and also represents corporations involved in complex merger and acquisition transactions.

Scott's recent transactions include:

- Structuring the financing for the City of Klamath Falls, Oregon's new 500 MW electric generating facility to comply with federal tax rules regarding public/private partnerships.
- Assisting Oregon Health Sciences University and its new affiliated non-profit, OHSU Medical Group, in transitioning the clinical medical practices of all OHSU faculty members to OHSU Medical Group.
- Assisting the Tlingit-Haida Regional Housing Authority in developing low income housing projects in Yakutat, Juneau and Haines, Alaska.

Before joining Orrick, Scott was a partner at Ater Wynne LLP. Prior to that, Scott was an associate at LeBoeuf, Lamb, Leiby & MacRae. He also was an associate

Christine E. Reynolds

Senior Associate
Public Finance

Portland

(503) 943-4821
cereynolds@orrick.com

Profile

Christine has significant experience serving as bond counsel, disclosure counsel and underwriter's counsel on financings, including general obligation bonds and revenue bonds for transportation, water, sewer, power and tax increment projects. Her practice focuses on public finance transactions for state agencies, counties, cities, urban renewal agencies, school and special districts, and tribal governments. Her experience also includes conduit 501(c)(3) financings, full faith and credit or limited tax obligations, private bank placements, and short-term obligations, including notes and lines of credit.

Representative transactions include:

- Bond counsel and disclosure counsel to the State of Oregon, including transportation, revenue bonds, general obligation bonds for various State projects and higher education institutions
- Underwriter's counsel in connection with general obligation bonds, revenue bonds, certificates of participation and tax anticipation notes issued by states and local governments
- Bond and disclosure counsel for toll bridge revenue bonds issued for the Bay Area Toll Authority
- Bond counsel and disclosure counsel in connection with the issuance of hydroelectric revenue bonds and tribal economic development bonds for a major hydroelectric project in the Pacific Northwest
- Underwriters' counsel in connection with payroll tax revenue bonds and capital grant revenue bonds issued by TriMet
- Bond counsel to state agencies and local governments in connection with general obligation, water and sewer revenue bonds, full faith and credit and tax increment revenue borrowings
- Acting as bond counsel in connection with public power revenue bonds issued by the public utility districts
- Bond counsel and disclosure counsel for qualified 501(c)(3) borrowings to finance private higher education institutions, healthcare and other

Kurt Conger, Northern Wasco County People's Utility District

Kurt graduated from Colorado State University a long time ago... 1982, with a degree in power systems engineering.

He spent 2 years in the Peace Corps after graduation doing rural energy projects in Fiji.

In 1985, he returned home to Washington, DC, and was quickly snapped up as an electrical engineer in the FERC Electric Power Investigations division. He spent a lot of time on nuclear prudence and transmission rate cases.

The American Public Power Association stole him from FERC in 1990 to help alter the course of history by participating in the mega NOPR that created Orders 888 and 889. He also was in charge of the Engineering and Operations section of APPA. NERC placed him on the Operating Committee when they opened up participation to all industry participants in the mid-1990s.

Quite by accident and good fortune he moved to Redmond, WA, in 1998 and was invited to consult with Seattle City Light on FERC, NERC and transmission matters. This relationship went on through the turmoil of the 2001 power crisis, WSCC's conversion to WECC, RTO West, GridWest, Puget Sound Northern Intertie disputes, ColumbiaGrid and other power industry battlefields in the Northwest. Seeking refuge from some dry days of consulting in 2009, he joined Seattle's Power Operations and Management team in 2010 to prepare operating plans, and sell surplus transmission and energy for a while.

Around Halloween in 2011 (scared by some wicked bad Seattle commutes and other tests of endurance), he accepted his current position at Northern Wasco County PUD in The Dalles in early 2012.

He currently develops and executes power supply and transmission strategies for a growing load following utility 85 miles east of here. Though his title suggests responsibility for "regulatory policy" he tries to legally dodge, artfully comply with or use all regulations for NWCPUD's advantage.

Erin Erben, Eugene Water & Electric Board

Erin Erben is presently the Strategic & Power Planning Manager at Eugene Water & Electric Board where she has worked for the past five years. Prior to that she worked for nine years at the Salt River project and five years at Pacific Gas & Electric, holding roles from Rates and Forecasting to Regulatory Affairs, Economic Development, Marketing and Conservation. Erin holds a Masters degree in Applied Economics and a Bachelors in both Economics and Environmental Studies, all from the University of California at Santa Cruz.

Steve Kerns, Manager, Generation Scheduling, Generation Asset Management, Bonneville Power Administration

Steve received a BS in Engineering Physics from Miami University in 1984 and an MS in Applied Physics from the Johns Hopkins Whiting School of Engineering in 1989. Steve began his career at BPA in 1992 as the lead developer on the Hourly Operations and Scheduling Simulator (HOSS) model and has continued to be heavily involved in the development and implementation of new models at BPA. In 2006, Steve was selected as the manager of the short-term planning group which performs analysis on and coordinated the operation of the FCRPS from the current day through the next few weeks. During the past several years, Steve has had a large role in implementing systems, processes, and policies that facilitated the integration of variable energy resources in the BPA BAA. Currently, Steve is manager for Generation Scheduling which oversees policy development, short-term planning and real-time operations of the Federal Columbia River Power System.

Bart McManus, Bonneville Power Administration

Bart McManus received his BSEE degree from University of Washington and has been at BPA since 1994. He was the lead programmer for the Automatic Generation Control system for multiple years then became the lead for AGC and other Balancing Authority Area Operations in BPA. Bart began working on wind integration issues in 2006 and in 2007 became the wind integration lead for BPA Transmission Operations. In 2012 Bart became the wind integration/AGC lead for BPA transmission.

Christine Gunn, Bonneville Power Administration

Chris Gunn is an attorney in the Transmission section of Bonneville's Office of General Counsel. She graduated from Lewis and Clark Law School in 2011 with an Environment and Natural Resources Certificate.

Professional Experience

Richard Lorenz works on siting and financing power generation projects, drafting power sale and purchase agreements, the acquisition and/or disposition of utility assets, derivative transactions for risk management, dispute resolution, and other general regulatory matters. Mr. Lorenz has represented clients with respect to a wide variety of energy-related matters, including but not limited to the following recent matters:

Along with Larry Cable, represented the City of Klamath Falls, Oregon in connection with the sale of a 500 MW cogeneration plant for nearly \$300 million.

Helped represent the Eugene Water & Electric Board in connection with regulatory proceedings before FERC as well as state and federal litigation arising out of the California Energy Crisis.

Helped advise the Western Generation Agency in connection with the refinancing of more than \$50 million in bonds issued for the Wauna Cogeneration Project.

Represented the Public Power Council in connection with with the negotiation of the Residential Exchange Program Settlement Agreement and the BP-12 and REP-12 BPA rate proceedings.

Represented Weyerhaeuser in negotiating a retail power services agreement for the largest single industrial load of any consumer-owned utility in the Pacific Northwest.

Represented EWEB in negotiating multiple retail power service agreements with large retail customers following BPA's implementation of the TRM.

Negotiated multiple pole attachment agreements for Tillamook PUD, Emerald PUD and Hermiston Energy Services.

Represented The City of Cove, Oregon in connection with a PURPA sale from its hydroelectric facility to Idaho Power, including related interconnection, transmission and control area service agreements.

Represented Clatskanie PUD in connection with judicial review of certain BPA final decisions including briefing and oral argument before the Ninth Circuit Court of Appeals. (*Listen to recording*).

Represented Emerald PUD in connection with AAA arbitration of a disputed provision of a power purchase agreement.

Represented Klamath Water Users Association and the Klamath Water and Power Association in connection with certain energy-related matters including drafting energy-related provisions of the historic Klamath Basin Restoration Agreement.

Represented One PacificCoast Bank in connection with financing multiple renewable energy projects, including a biomass digester, a solar installation and a new hydroelectric facility.

Represented the Northwest Intergovernmental Energy Supply in connection with negotiating wholesale power purchase agreements using the Edison Electric Institute (EEI) standard agreement.

Represented EWEB in connection with various risk hedging transactions including a master netting agreement and financial transactions under the International Swap Dealer Association (ISDA) Standard Agreement.

Consulted with legal counsel for the Energy Trust of Oregon on a variety of energy-related issues.

John Morris, Policy and Regulatory Affairs Director, CLEAResult

John Morris is the Policy & Regulatory Affairs Director for CLEAResult. In this role, John identifies and advocates for progressive energy policy that drives energy efficiency. John tracks and influences energy efficiency legislation in Washington, Oregon, Idaho and Montana among other states in the Western US. John has been in the utility and energy efficiency industry for over 11 years.

Most recently with the legalization of recreational cannabis in CO, WA and OR, he has been focusing on the nexus of commercial cannabis production and energy. John's firm CLEAResult hosted and facilitated the first ever utility roundtable on Cannabis and Energy Efficiency in November 2014 with over 20 utilities in attendance. John has spoken at several energy conferences and written a number of articles educating utilities on potential strategies to engage with cannabis growers on energy efficiency.

Scott Corwin, Public Power Council

Scott Corwin came to the Public Power Council (PPC) as Executive Director in 2007. PPC represents the common interests of consumer-owned electric utilities with respect to the Federal Columbia River Power System, including issues around BPA power and transmission. Prior to joining PPC, Scott was a vice president at Pacific Northwest Generating Cooperative.

Previously, Scott worked for Portland General Electric, the Speaker's Office of the Oregon House of Representatives, and in the United States Senate in Washington, D.C. both as Legal Counsel to Senator Mark Hatfield, and as staff to the U.S. Senate Appropriations Committee. He also worked for a law firm specializing in tax and pension legislation. Currently, he serves on advisory committees to the American Public Power Association and the National Rural Electric Cooperative Association.

Scott graduated from Dartmouth College, and has a law degree from the University of Washington School of Law. He is a member of the Oregon Bar and the District of Columbia Bar Association.

September 2015

Speaker Biography for General Manager Matt Michel

Matt Michel began his service in Eugene, Oregon as Lane Electric Cooperative's general manager on October 1, 2014. He came to Lane Electric from Canby Utility in Canby, Oregon where he served as that utility's assistant general manager for two years and general manager for four years. Prior to his management roles, Mr. Michel served as the utility's outside legal counsel with Beery, Elsner & Hammond LLP specializing in municipal law, utility law, and federal litigation. He previously clerked two years for Senior Judge Robert E. Jones of Federal District Court in Portland.

Mr. Michel specializes in strategic planning, organizational development, and risk management. He has served in leadership roles with industry and community organizations including: President for the Oregon Municipal Electric Utilities, President for the Tri-County Water Resources Association, Secretary for the Rotary Club of Canby, and by Governor's appointment to the State of Oregon Drinking Water Advisory Committee.

He currently serves on the Executive Committee of the Public Power Council (PPC) that represents the Pacific Northwest's consumer-owned utilities on power and transmission issues before the Bonneville Power Administration. He serves as Vice-Chair of Long Range Planning for PPC. He also serves as a Director on the Board of PNGC Power, a Portland-based electric generation and transmission cooperative owned by 14 Northwest electric distribution cooperative utilities with service territory in seven western states.

A native of Ohio, Mr. Michel received his Bachelor's Degree in Economics from Denison University in Ohio, his Master's Degree in Public Administration from the University of North Carolina at Chapel Hill, and earned a law degree from Lewis & Clark Law School in Portland, Oregon.

Debra Smith, Central Lincoln Public Utility District

Debra Smith is the General Manager of Central Lincoln PUD, a mostly rural electric utility that serves the people of Oregon's central coast. With 38,500 meters and a long, skinny service territory that extends 112 miles, Central Lincoln is one of Bonneville's largest full requirements customers.

Debra has been at Central Lincoln for about 2 ½ years and spent the previous 17 years at the Eugene Water & Electric Board. While at EWEB, Debra had the opportunity to work in or provide leadership to just about every functional area of the organization; when she left to join Central Lincoln, Debra was the Assistant Manager in charge of operations.

Debra is not an attorney and will not be receiving any continuing education credits for her participation today but in honor of Halloween, she has chosen to dress the part! Debra has a BS degree in business from Arizona State University.

Anne Spangler, Snohomish County PUD

Anne serves as General Counsel, and has recently completed a four month term as Interim CEO/General Manager, for Snohomish PUD, which serves approximately 340,000 electric customers in Snohomish and Island Counties in Washington State. As General Counsel, Anne participates in the PUD's Leadership Team, advises the elected Board of Commissioners, and advises District staff on many legal and policy issues related to the District's operations. Prior to joining Snohomish PUD in 2008, Anne served as Chief Assistant City Attorney for Tacoma Public Utilities. Anne's background includes practice with the Office of the Attorney General, representing the State Department of Transportation, with the City of Seattle as a land-use litigation attorney, and with the City of Tacoma, first as advisor to the City's wastewater, surface water and solid waste utilities, and later as chief counsel to Tacoma's power, water and railroad utilities. Anne earned a bachelor of arts degree in anthropology from Reed College, a J.D. cum laude from the University of California, Hastings College of the Law, and a Utility Management Program Certificate from Willamette University's Atkinson Graduate School of Management. Anne has been active in the Washington State Bar Association's Environmental and Land-Use Section, the Economic Alliance of Snohomish County, and a variety of other community organizations.

Hub Adams, Bonneville Power Administration

Hub Adams is an attorney in the Natural Resources section of BPA's Office of General Counsel. In addition to serving as BPA's lead NEPA attorney, for the past almost 15 years he has advised the agency on legal matters related to the Columbia River Treaty.

F. Lorraine Bodi
Vice President, Environment, Fish and Wildlife
Bonneville Power Administration

F. Lorraine Bodi is Vice President, Environment, Fish and Wildlife and manages an organization responsible for providing overall management of the environmental component of BPA's Transmission and Power businesses, and leading the agency in working with regional stakeholders to mitigate for the Federal Columbia River Power System's impacts to fish and wildlife. Lorri came to BPA in 1998 as a Senior Policy Advisor for Fish and Wildlife and helped shape BPA's plans for mitigating the impacts of the hydro system on salmon and steelhead. She is an attorney with over 30 years' experience in natural resources law, fisheries, and hydroelectric proceedings. Before coming to BPA, Ms. Bodi was co-Director of the Northwest Office of American Rivers, a national conservation group. She has also been an attorney for the National Oceanic and Atmospheric Administration and the Environmental Protection Agency. Ms. Bodi received her J.D. with honors from the George Washington University.

Lydia Grimm, Bonneville Power Administration

Lydia started at the Bonneville Power Administration in 2003 as an attorney in the Office of General Counsel. She worked primarily on Northwest Power Act fish and wildlife issues, and assisted in FCRPS BiOp litigation. In 2008, she was part of the team that negotiated the Columbia Basin Fish Accords. In 2012, she left the legal office to manage BPA's Environmental Planning and Analysis organization responsible for most of the NEPA and related environmental and cultural resources analysis and compliance work for projects and programs in all BPA business lines. Since May of this year, she is serving as the Senior Policy Advisor to the Administrator for endangered species and related environmental issues. Prior to BPA, she worked as an attorney for the US Forest Service in San Francisco, and for the Division of Indian Affairs at the Office of the Solicitor, US Department of Interior in Washington. DC. She earned an undergraduate degree in sociocultural anthropology from UC Berkeley, and her law degree from Northwestern School of Law at Lewis and Clark college, cum laude, with a certificate in environmental law.

Philip Key, Bonneville Power Administration

Philip Key is a senior staff attorney who joined the Bonneville Office of General Counsel in 1990. He advises the agency on fish and wildlife mitigation issues that arise under the Pacific Northwest Electric Power Planning and Conservation Act, National Environmental Policy Act, Endangered Species Act, and other related laws. He provides strategic legal and policy guidance for the agreements and transactions Bonneville undertakes to meet its statutory mitigation responsibilities. Prior to working at Bonneville Mr. Key served as a judicial clerk in the U.S. District Court for the District of Oregon. He earned his B.A. from Reed College and his J.D. from Lewis and Clark Law School.

HELEN M. HIERSCHBIEL, OREGON STATE BAR

Helen M. Hirschbiel is General Counsel of the Oregon State Bar where, among other things, she gives ethics guidance to lawyers and serves as liaison to the Legal Ethics Committee. She started working at the Oregon State Bar in December 2003 in the Client Assistance Office, reviewing and investigating ethics complaints against lawyers. While at the bar, she has written over 35 articles and given over 100 presentations regarding lawyers' ethical obligations. In addition, she has served as liaison to a number of OSB Task Forces, including the Unlawful Practice of Law Task Force and the International Trade in Legal Services Task Force. She has participated as a volunteer in numerous professional and law-related activities, including serving on the Multnomah Bar Association Board of Directors from June 2011 through May 2014. Prior to working for the Oregon State Bar, she worked in private practice in Portland, Oregon and for DNA-Peoples Legal Services on the Navajo and Hopi Reservations in Arizona. She received her JD from Lewis & Clark Law School in 1991, and is licensed to practice law in Oregon and Arizona (inactive).
