### **To: People Interested in the Coyote Business Park**

Bonneville Power Administration (BPA) has prepared the enclosed Record of Decision (ROD) for the Coyote Business Park. The Bureau of Indian Affairs (BIA) completed an Environmental Impact Statement (EIS) for this project (DOE/EIS-0371, September 2006). BPA was a cooperating agency on the EIS. The BIA completed and distributed its ROD (February 16, 2007) under separate cover. This ROD only covers the BPA portion of the project related to its specific responsibilities.

**Proposal:** The Confederated Tribes of the Umatilla Indian Reservation (CTUIR) will develop, build and manage a light industrial and commercial business park known as the Coyote Business Park. The Coyote Business Park will be located on a 520-acre site south of Interstate 84 at Exit 216, and west of South Market Road, approximately 7 miles east of Pendleton, Oregon on the Umatilla Indian Reservation. The first phase of the development will be construction of infrastructure for the Coyote Business Park.

During the first phase of the project, BPA will replace 10-12 wooden "H-frame" structures, each about 60 feet tall, on the portion of its Roundup-LaGrande transmission line that crosses the site. BPA will replace these structures with 7 to 9 steel poles each about 110 feet tall. BPA will use its existing access road system to remove the old structures and install the new steel poles.

**Additional Copies:** If you would like additional copies of this ROD, or of the EIS, please call our toll-free document request line: 1-800-622-4520. Leave a message naming this project and giving your name and complete mailing address.
