Project Update

In January, Bonneville Power Administration (Bonneville) and several partners held three public meetings on the Northeast Oregon Hatchery Program/Grande Ronde and Imnaha Spring Chinook Program. These meetings took place in Imnaha, Lostine, and LaGrande.

At the Lostine meeting, people expressed a desire to keep informed of the project on a more regular basis. In response to this request, Bonneville will be holding informal workshops on the project to discuss concerns and keep people notified of the project's status.

Workshop

You are invited to attend a workshop on the project that will occur on:

March 14, 2002
5:00 p.m. to 9:00 p.m.
Former Geoff Hayward House
64899 Granger Road
Lostine, Oregon

The purpose of this workshop is to provide a project update and discuss concerns about Lostine facilities. In addition, we will tour the site beginning at 5:00 p.m. until dark. The former Geoff Hayward House is located six miles south of Lostine at the intersection of Granger and Lostine River Roads.
