LOG # BPA-2011-00506-F

The following is a New FOIA request:

Name: Penny Thomas
Organization: Self
Address:
Phone:
No FAX number provided
Email: Ex 6

Description of Request: Copy of United States of America's standard clearing contracts. This act defines how BPA will maintain and clear trees within the easement on my property. Therefore, I have a need to know what it contains.

Preferred format: pdf, or other electronic format

Type of Requester: Personal

I request a **fee Waiver**

I request a waiver or reduction of fees because the disclosure is "likely to contribute" to an understanding of government operations or activities as explained below:

This is needed to better the public in understanding how the power company agrees to maintain their power line easements.

If denied a waiver or reduction, I Agree to pay up to 200

I believe a compelling need exists to warrant expedited processing because there is an urgency to inform the public concerning actual or alleged Federal Government activity exists as described below:

I have a current and ongoing dispute with BPA actions within the signed easement. This information is necessary to facilitate BPA and myself in determining the extent of BPA responsibility to remove debris left during line maintenance. The United States of America's standard clearing contracts is specifically mentioned in the easement. I have performed extensive search on the internet and cannot find the act.
