RECEIVED BY BPA FOIA OFFICE THIS DATE: 4/26/11
DUE DATE: 5/24/11
LOG # BPA-2011-01054-F

Dear Ms. Brennon:

This is an amended letter to the FOIA Request letter that I sent to you under a heading date of March 2<sup>nd</sup>, 2011.

The Department would like to request the installed/booked, or invested cost accounting information as it relates to BPA's transmission line system. Specifically we would like to acquire the booked or installed cost information for the BPA's transmission lines that are for sale to, leased, or have other interest to, investor owned utility companies. We have sought this information on a Montana basis in the past, but are seeking it on a BPA-wide basis this year. This request should include the same cost analysis as already provided in the report already received from BPA.

The Investor owned utility companies that we would like the information for are:

Puget Sound Energy, Portland General Electric, PacifiCorp, Avista Corp., PPL Montana, and NorthWestern Energy Corp.

And again, the cost accounting information should be for all transmission property, greater than 500 kilovolts, that is contracted for sale to, leased to, or have other interest to, by the utility company.

The Department will pay for any reasonable charges associated with the production of this information (up to \$200.00).

Thank you for your continued assistance and cooperation. Please contact me at (406) 444-2569, if you have any questions.

Sincerely,

Kory Hofland, Unit Manager
