### FOIA #BPA-2013-01065-F

Dear Mr. McCullough:

This is a final response to a request for records made by your employee Sean Long to the Bonneville Power Administration (BPA), under the Freedom of Information Act (FOIA), 5 U.S.C. 552.

#### **Information requested:**

Energy Northwest's Columbia Generating Station's operating and maintenance costs for the years 1992 to 2012.

Enclosed are two reports from 1992 and 1993 where the maintenance costs are supplied. Our staff, Ms. Dana Sandlin, the Authorizing Official for this request, reports that the format for financial reports provided to BPA from Energy NW changed after 1993. In the new format the maintenance cost were no longer broken out. Therefore, for the years 1994 to 2012 we have no responsive records.

For the two reports enclosed, BPA has redacted information that was not requested as "non-responsive."

Pursuant to 10 CFR 1004.8, if you are dissatisfied with this determination, or the adequacy of the search, you may appeal this FOIA response in writing within 30 calendar days of receipt of a final response letter. The appeal should be made to the Director, Office of Hearings and Appeals, HG-1, Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-1615. The written appeal, including the envelope, must clearly indicate that a FOIA Appeal is being made.

There no fees associated with this request due to the length of time it has taken to complete.

Please contact Kim Winn, FOIA Specialist, at 503-230-5273 with any questions about this letter.

Sincerely,

*/s/Christina J. Munro*
