Subject: Corona and Field Effects Program Version 3.0

Dear Mr Kim

I am a high voltage substation design engineer from Australia . Recently I became aware of your software program Corona and Field effects, Version 3 and I have been advised your name as the contact person for this program
As a part of my current role ,I design transmission stations and substations for many utilities in Australia
I would like to know if I can have a copy of this program in order to check EMF levels on some of our existing high voltage network as a part of due diligence process .

Thanks for your help in anticipation.

Best Regards
Srinivasan Kailasam MIE Aust CPEng , NPER, RPEQ
Senior Substation Design Engineer
