LOG # BPA-2013-D1705-F

Dear Ms Winn,

I am working as Senior Scientist at Ilmenau University of Technology in Germany, Department of Power Systems.

I would like to obtain a copy of the AnyPole software developed by BPA, which can be used for the calculation of DC electric field and current density.

Unfortunately I cannot submit a FOIA request using the online form from the website of BPA because the website don't provide the access from outside the United States.

I am agree to pay up to 0,00 € for the copy.

Many thanks in advance for your help.

Yours sincerely,

Dr.-Ing. habil. Alexander Novitskiy
