## Reasonably Describe Records

Describe the specific record(s) you seek with sufficient detail that a knowledgeable official of the activity may locate the record with a reasonable amount of effort. Such detail should include: dates, titles, file designations, and offices to be searched.

Since most DOE records are not retained permanently, the more information you provide, the better the opportunity there is to determine if the records involved still exist and where. The FOIA clearly states that records must exist at the time the request is submitted.

Hello Kim,

Here is a longer quote from the Energy Northwest board meeting. I've also attached the full .pdf, which talks about the incentive contracts a bit more. We're interested in the portions of these contracts involving incentive payments based on Columbia Generating Station performance and cost of power. Please let me know if I can provide any further clarification.

"Mr. Wright shared a brief history of trying to create alignment three years ago with the Columbia Generating Station (Columbia) performance indicators and the cost of power to be used as a basis for incentive compensation for both BPA and Energy Northwest. Mr. Wright, Mr. Steve Oliver and Mr. Andy Rapacz have written into their performance contracts incentive pay based on the agreed upon Columbia performance indicators and cost of power. Mr. Wright indicated he was surprised when he learned Mr. Vic Parrish, current CEO of Energy Northwest, was not using the agreed upon performance indicators as a basis for his compensation. Mr. Wright stated BPA is committed to supporting Columbia. As such, he felt the incentive portion of the CEO contract should be as much in alignment with the BPA executives' incentives as possible."

Thank you,

--
