Subject: RE: Records request

see below

Pursuant to Freedom of Information Act, I would like electronic copies of all e-mail to and from Steve Wright between Jan 1 2010 and present day that mention the Office of Inspector General, (OIG) the U.S. Office of Personnel Management (OPM) or DOE Human Capital, or any inquiries, reviews and investigations into BPA hiring and promotion practices.

I am happy to discuss ways of limiting this request to lessen the administrative burden of responding. I request waiver of all fees as this information will be used in the publication of stories that have an important public interest to the Northwest.

1/22/14

Conversation with requester created a separate request for Steve Wright emails regarding the Chief Public Affairs Officer.
