In reply refer to: NN-1

Burton E. Pierard

Ex 6

FOIA #BPA-2014-00555-F

Dear Mr. Pierard:

Thank you for your request for records that you made to the Bonneville Power Administration (BPA), under the Freedom of Information Act, 5 U.S.C. 552. Your request was received in this office on Wednesday, February 5, 2014, and has been assigned a control number BPA-2014-00555-F. Please use this number in any correspondence with the Agency about your request.

You requested:

1. Copy of the Bonneville Powerhouse Operator's Log Book entries concerning a Trip on the Bonneville - Midway Line No. 2 (referred to as the Bonneville No. 2 Line in the Midway Operators Log Book) on March 10, 1945 at about 1523 hours (PWT) and any other effects of the fault such as Relay Targets, Transfer Trip, etc. (The time reference corresponds to the entry in the Midway Log Book.) A copy redacted to only the relevant entries is sufficient. The necessary Log Book should be archived at Bonneville Powerhouse.
2. A paper copy of the oldest microfiche version of the "Midway Substation Operator's Diagram" on hand at the BPA Central Records. The actual drawing title might be "Midway Substation One Line Diagram" or some combination thereof."

We have reviewed your letter and have determined that it addresses all of the criteria of a proper request under the FOIA, DOE, and BPA regulation that implements the FOIA at Title 10, code of Federal Regulations, Part 1004. Your request for a waiver of fees is granted.

Final response:

1. Copy of the Bonneville Powerhouse Operator's Log Book entries concerning a Trip on the Bonneville - Midway Line No. 2 (referred to as the Bonneville No. 2 Line in the Midway Operators Log Book) on March 10, 1945 at about 1523 hours (PWT) and any other effects of the fault such as Relay Targets, Transfer Trip, etc. (The time reference corresponds to the entry in the Midway Log Book.) A copy redacted to only the relevant entries is sufficient. The necessary Log Book should be archived at Bonneville Powerhouse."

BPA has no responsive records. The Bonneville Dam is owned and operated by the U. S. Army Corps of Engineers. We are transferring your request to their Portland District FOIA Office for response directly to you. You may contact that office at 503-808-4523 with any questions.

“2. A paper copy of the oldest microfiche version of the "Midway Substation Operator's Diagram" on hand at the BPA Central Records. The actual drawing title might be "Midway Substation One Line Diagram" or some combination thereof.”

BPA is releasing the enclosed Midway Substation One-Line Drawing (dated November 29, 1984) in its entirety.

There are no fees associated with this request.

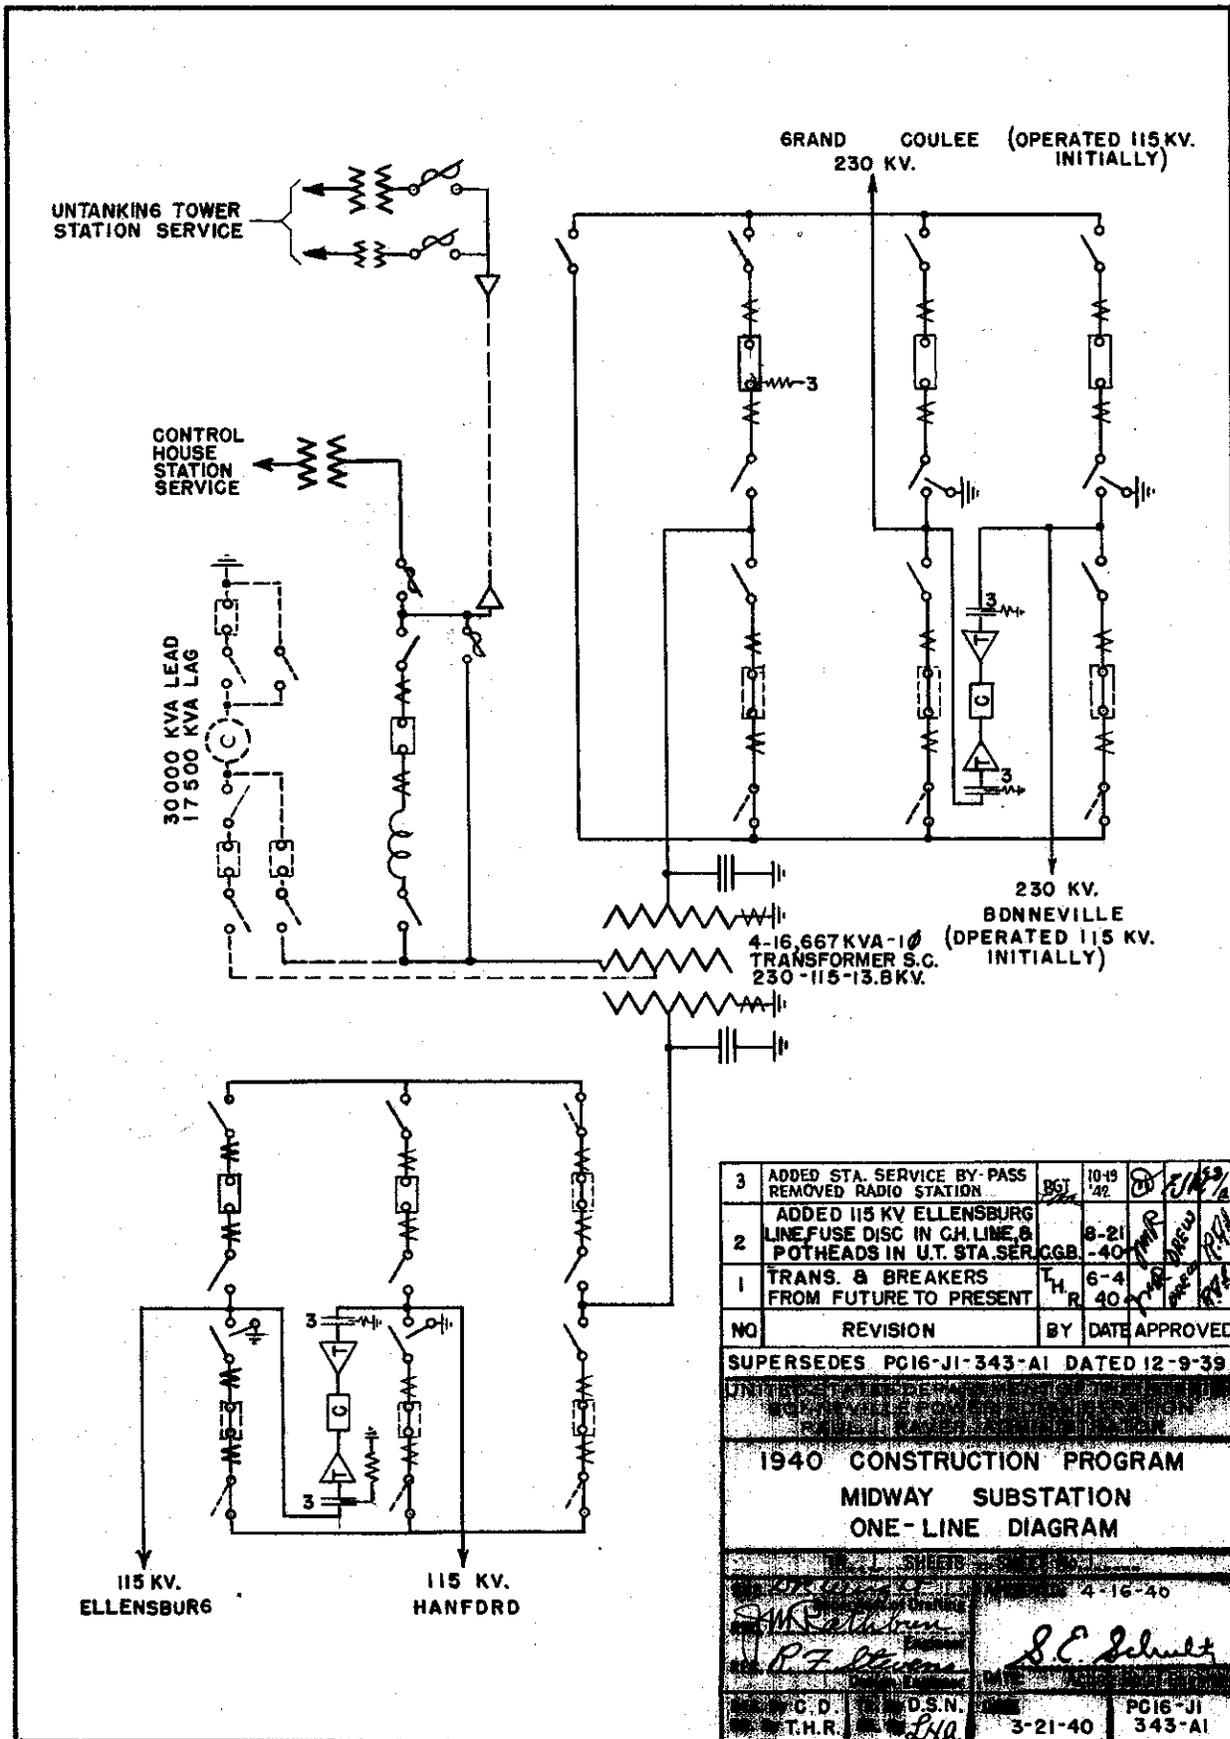

Pursuant to 10 CFR 1004.8, if you are dissatisfied with this determination, or the adequacy of the search, you may appeal in writing within 30 calendar days of receipt of a final response letter. The appeal should be made to the Director, Office of Hearings and Appeals, HG-I, Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-1615. The written appeal, including the envelope, must clearly indicate that a FOIA Appeal is being made.

Thank you for your interest in the Bonneville Power Administration. I appreciate the opportunity to assist you. Please contact Kim Winn, FOIA Public Liaison, at 503-230-5273 with any questions about this letter.

Sincerely,

/s/Christina J. Munro
