Reasonably Describe Records

Describe the specific record(s) you seek with sufficient detail that a knowledgeable official of the activity may locate the record with a reasonable amount of effort. Such detail should include: dates, titles, file designations, and offices to be searched.

Since most DOE records are not retained permanently, the more information you provide, the better the opportunity there is to determine if the records involved still exist and where. The FOIA clearly states that records must exist at the time the request is submitted.

Enter description:

Copy of the BPA Bonneville Switchyard Substation Operator's Log Book entries concerning an apparent trip on the Bonneville Line No.2 Line to Midway Substation on March 10, 1945 at 1523 hours PWT and any other effects of the trip such as Relay Targets, Transfer Trip indication, etc. The Date, Time & Line reference is from the Midway Operator's Log Book which stated that the 230KV BKR for the Bonneville Line No. 2 tripped at 1523 and the Line went dead, coming hot again 30 seconds later, and the Operator closed the BKR at 1524. No cause for the trouble noted (it was actually a fault on a 115KV Line, without a Line BKR, out of Midway). I am not sure of the exact name for the Substation but, at that time, it served as the West terminus for the twin Bonneville to Midway 230 KV Lines.
