Subject: Corona and Field Effects Program V3 - UK request

Dear Kim

I am a UK student studying renewable energy. For an assignment I am investigating the effects of EMFs generated by offshore power cables and in doing so stumbled across BPA's Corona and Field Effects Program.

I wonder if under the FOIA it would be possible to have a copy of this software?

I confirm it is entirely for educational purposes and I would be the sole user.

If my request is permissible I wonder whether the appropriate files could be emailed?

Should this not be possible my address is:

Ex.6

Many thanks for your time and consideration

Best wishes
Stuart Hooppell
(University of Exeter Undergraduate Student)
