Good day,

I'm not sure if you are still the person to contact regarding this matter but I was searching a method to obtain a copy of BPA's "Corona and Field Effects" software and came across the attached email request on your website.

I also am located in Canada and am unable to complete the FOIA form and would like to obtain a copy of the software for use in our engineering design efforts in Canada and the United States.

Please advise if this would be possible.

Thank you!

Regards,

Harold Harkonen, P.Eng.
