### Reasonably Describe Records

Describe the specific record(s) you seek with sufficient detail that a knowledgeable official of the activity may locate the record with a reasonable amount of effort. Such detail should include: dates, titles, file designations, and offices to be searched.

Since most DOE records are not retained permanently, the more information you provide, the better the opportunity there is to determine if the records involved still exist and where. The FOIA clearly states that

records must exist at the time the request is submitted.

## Fees and Fee Waivers

Your request must include a statement that (1) you agree to pay any fees that may be incurred to process the request, (2) stipulates an amount you are willing to pay, or (3) requests specific waiver or reduction of fees.

Please select the statement that applies:

I agree to pay all applicable fees.

I agree to pay up to a specified amount for fees.

Enter amount

I request a waiver or reduction of fees.

If you request a waiver or reduction of fees, we will consider the following six factors to make a determination. Please provide information that addresses these factors:

The subject of the request: Whether the subject of the requested records concerns, "the operations or activities of the government."

The audit results I've seen does not cover the same period specified in the audit timeline window or are all the positions I applied for in the list. This request will hopefully explain how this process operated in my cases.

The informative value of the information to be disclosed: Whether the disclosure is, "likely to contribute," to an understanding of government operations or activities.

I'd like to see the audit results as I received no information on several positions I applied for. This response will help me understand why.

The contribution to an understanding by the general public of the subject likely to result from disclosure, taking into account your ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter.

I don't plan to disseminate this information to the general public. The request is for my personal understanding. Relasing information to me will contribute to the general public confidence that an individual can get information on their interaction with government processes.

The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities.

Transparency of the actions covered in this request is a significant example of government operations and activities.

The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure, and, if so.

There are no commercial interests in this request. I am trying to determine the impact BPA's hiring practices on my career..

The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is significantly large, in comparison with the public interest in disclosure, that disclosure is, "primarily in the commercial interest of the requester."

Not sure of the meaning of "commercial interest" here. This information is for my personal use.

If my request for a waiver or reduction in fees is denied, I agree to pay up to (enter amount)  to process my request.

## Expedited Processing

I request expedited processing of the request and provide a justification below. I believe a compelling need exists to warrant expedited processing because there is:

- an imminent threat to the life or physical safety of an individual.
- an urgency to inform the public concerning actual or alleged Federal Government activity (this option available ONLY for requesters primarily engaged in disseminating information).

Please provide your specific justification for expedited processing:
