--Reasonably Describe Records--

Description:
Dear Records Access Officer,

Pursuant to the Freedom of Information Act, I am requesting copies of the following public records regarding the Department of Energy:

- The general index of all records maintained by the Department of Energy as per 5 USC §552 (a)(2)(D): "Each agency, in accordance with published rules, shall make available for public inspection and copying... (D) copies of all records, regardless of form or format, which have been released to any person under paragraph (3) and which, because of the nature of their subject matter, the agency determines have become or are likely to become the subject of subsequent requests for substantially the same records; and (E) a general index of the records referred to under subparagraph (D)."

If my request fails to reasonably describe the records, please contact me at nathan.jensen88@gmail.com.

If there are any fees for copying the records requested, please supply the records without informing me if the fees are not in excess of \$50.

If you take the position that the above-described public records are not open to public inspection under the Freedom of Information Act, please explain the basis for your position and identify any statute, rule of law or other authority upon which

you rely.

If some records will not be immediately available, please provide a response to portions of this request as they become available.

If the records contain exempt information, please redact that information and release the non-exempt portions.
