Reasonably Describe Records

Describe the specific record(s) you seek with sufficient detail that a knowledgeable official of the activity may locate the record with a reasonable amount of effort. Such detail should include: dates, titles, file designations, and offices to be searched.

Since most DOE records are not retained permanently, the more information you provide, the better the opportunity there is to determine if the records involved still exist and where. The FOIA clearly states that records must exist at the time the request is submitted.

I request a waiver or reduction of fees.

If you request a waiver or reduction of fees, we will consider the following six factors to make a determination. Please provide information that addresses these factors:

The subject of the request: Whether the subject of the requested records concerns, "the operations or activities of the government."

The land use form was submitted to BPA because they own the land.

The informative value of the information to be disclosed: Whether the disclosure is, "likely to contribute," to an understanding of government operations or activities.

The document would provide information about how the land was determined to be used.

The contribution to an understanding by the general public of the subject likely to result from disclosure, taking into account your ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter.

The information would greatly contribute to the public's understanding of how the land is used and provide information about why there are discussions about how the land should be used.

The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities.

The information would significantly contribute because it would describe how both parties thought the land would be used.

The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure, and, if so.

There is no commercial interest by the requester for this information.

The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is significantly large, in comparison with the public interest in disclosure, that disclosure is, "primarily in the commercial interest of the requester."

The disclosure is not in the personal or commercial interest of the requester.

If my request for a waiver or reduction in fees is denied, I agree to pay up to (enter amount) to process my request.

Expedited Processing

I request expedited processing of the request and provide a justification below. I believe a compelling need exists to warrant expedited processing because there is:

- an imminent threat to the life or physical safety of an individual.
- an urgency to inform the public concerning actual or alleged Federal Government activity (this option available ONLY for requesters primarily engaged in disseminating information).

Please provide your specific justification for expedited processing:
