Maryam, Thank you for your interest in the Bonneville Power Administration. I will be happy to send the software to you – it will likely be Monday, 2/9, before I get it into the mail. Please provide me the best mailing address.

Thank you.

Hi,

I am Maryam Salimi and I am currently working on my PhD at the research area is compact dc transmission. I would like to know how can I have a copy of BPA Corona and Field Effects Software in order to perform some simulations for my studies.

Thanks so much,

Maryam
