Mr. Newsom:

We have received your request for records under the Freedom of Information Act (5 U.S.C. § 552). Thank you for your interest in the Bonneville Power Administration (BPA). Your request was received in this office on April 18, 2016, and has been assigned control number BPA-2016-00804-F. Please use this number in any correspondence with the agency about your request.

You requested:

“[A] complete copy of all source code and design documentation for the Dynamic Debt Repayment System.

The design documentation consists of Visio diagrams and word documents that describe the operation and design of the system at all levels, including context, sequence diagrams, flow charts, etc. These files are stored in SharePoint or on a file share.

The source code consists of all solution files, project files, aspx web files javascript files, c# code files, database schema files and the necessary initialization script to make the database system functional prior to the import of debt for the first time, etc. These source files used to be stored in a subversion source code repository, but may have been migrated to TFS. I would like the most recent version of the code and documentation.”

We have reviewed your letter and determined that it addresses all of the criteria of a proper request under the FOIA and the Department of Energy’s FOIA regulations at Title 10, Code of Federal Regulations, Part 1004.

You have agreed to pay all fees associated with this request.

BPA has twenty (20) working days to respond to your request. The due date for a response to you is Monday, May 16, 2016.

I appreciate the opportunity to assist you. If you have any questions about this letter, please contact Kim Winn, Case Coordinator, at 503-230-5273.
