BPA-2016-00812-F

I am looking for any information you may have (easement, easement to tower relationship, etc.) on that portion of the BPA easement running through the southwest quarter of section 10, township 24 north, range 4 east, W.M., lying westerly of old military road. If you have access, or know where to direct me, I would really appreciate it. I am a land surveyor, and I need the information for a map I am creating.

Thank You,
Jeremiah
