Hi,

I'm not sure who to ask at the BPA about this, so I'm, hoping that you can pass this on to the right person. I would like to get a copy of the latest version of the BPA's "Corona and Field Effects" computer program to calculate electric and magnetic fields around transmission lines. This is work I do for Idaho Power Company from time to time.

I've seen this software mentioned in the Environmental Impact Statements for different transmission lines. Based on those EISs, I think this software is available and in the public domain.

Here is my contact information:

Paul Ortmann, P.E.  
Senior Electrical Engineer  
Idaho Power Company  
273 Blue Lakes Blvd. S.  
Twin Falls, ID 83301

My phone numbers and email address are below. I look forward to hearing back from you.

Take care,

**Paul Ortmann, P.E.**  
SENIOR ELECTRICAL ENGINEER  
Idaho Power | Power Quality Department
