Dear Mr. Yamazaki -

Thank you for your interest in the Bonneville Power Administration. I have copied this email to our Freedom of Information Act inbox to begin the intake process. If any further information is necessary for us to respond to your request a Case Coordinator will contact you.

Respectfully,

C. M. Frost

Subject: Asking ANYPOLE Software

Dear Sir/Madam,

I am a researcher at a non-profit research institute in Japan, and working on evaluation of electric and magnetic fields generated by power lines.

Recently I became aware that a software named ANYPOLE was released by BPA for DC electric field calculations.

I would like to use the software, if possible, for the comparison purpose with that obtained by our software.

I would appreciate it if you kindly let me know if I can have a copy of the software, the fee, and how to apply for the permission if applicable.

Thank you for your kind assistance in advance.

Yours sincerely,
Kenichi Yamazaki
